Client Information

Kent Social Care Professionals specialise in the supply of qualified and well-trained social care staff to the statutory, voluntary and private sector, for all temporary and permanent work assignments. We specialise in particular in the areas of Supported Housing, Children & Families and Young People. We recognise that there is a need for an agency that clearly understands the diverse support needs of the vulnerable people in these niche specialties.

KentSCP is run by an experienced Social Care recruitment team that is committed to providing all our clients with a high quality, trusted and reliable service, whatever their needs. We will provide you with regular staff, ensuring continuity of care for your service users. You will receive timely feedback for all your staff requests, whether it be the occasional shift, nights or weekend staff only, or long term or permanent staffing solutions.

At **KentSCP** we take pride in getting to know our candidates and our clients well, enabling us to place the right candidate in the right position. We do not rely solely on an automated computer matching system!

All **KentSCP** candidates have been through a rigorous registration procedure, including a competency-based face-to-face interview with an experienced consultant. They will be referenced for a minimum of 3 years, and all original training and qualification certificates verified and updated when necessary. All **KentSCP** candidates hold an enhanced CRB less than 12 months old.
